TITLE: PROTEIN Z-DEPENDENT)
PROTEASE INHIBITOR)

INFORMATION DISCLOSURE STATEMENT
UNDER 37 CFR §1.97-1.98

Commissioner for Patents
Washington, D. C. 20231

Dear Sir:

Pursuant to 37 CFR §1.97-1.98, the attached listed publications and patents are cited to the Examiner as being information which, in the good faith judgment of the inventor and the undersigned attorney, might be material to the patentability of the subject matter claimed in the above-identified application. This statement applies only to such patents and publications which the inventor and the undersigned attorney have in fact reviewed or considered. However, none of this information or other information reviewed or considered by the inventor or the undersigned attorney is believed to constitute a *prima facie* case of unpatentability.

Pursuant to MPEP §609, the cited publications and patents are listed on the attached Form PTO-1449.

Copies of the cited publications and patents are enclosed herewith for the convenience of the Examiner.

Documents N to W were cited in the International Search Report of the related PCT application.

Other publications are cited in the present application but they are believed to be less relevant or no more relevant to the claimed invention than the foregoing cited documents.

Respectfully submitted,

Scott J. Meyer
